Telephone	(905) 235-11-24							
Contact	Elizaveta Vygovskaia							
Title	Director							
Email	elizaveta.vygovskaia@doforyou.ca							
Telephone	(905) 111-2256							
Project Title	Online Services							
Project Description	<p><u>About the company:</u></p> <p>A service that allows user to find performers using the web version and mobile application to solve everyday and business problems.</p> <p><u>About the project:</u></p> <p>The functionality of the service is divided into two parts: for customers and performers. Customers can post assignments in sixteen categories. Customers independently determine the cost of the task, based on personal capabilities or focus on the price list published on the website. Contractors can agree to this amount, or offer their own prices. After the task is published, the customer receives proposals from the performers and makes a choice in favor of one of the specialists. Upon completion of the transaction, the customer leaves feedback on the work of the contractor. Only those users who have a verified profile can respond to tasks All performers who have the right to respond to tasks undergo a verification procedure, which includes the mandatory filling in of information in the "Personal Information" section (name, date of birth, e-mail, phone number, social media accounts, etc.) , passing a test on knowledge of the rules of the service and verification of identity documents.</p>							
Problem/ Opportunity Assessment *	<p><i>Please describe current state problem/opportunity that describes the nature and extent of the problem (factual, quantified, concise), or that outlines a chance for advancement or progress.</i></p> <table border="1" style="width: 100%;"> <tr> <td style="width: 10%;">1.</td><td>Some customers might ask illegal tasks such as drugs, murder-for-hire, or any other type of crime. Thus, our application should have a system that validates customers' posts.</td></tr> <tr> <td>2.</td><td>Performers may also receive guests' assignments and do not fulfill their responsibilities. To reduce the chance, we need a process that can validate our customers and performers when they register on our system.</td></tr> <tr> <td>3.</td><td>DoForYou would like to offer the system that can help people who have must-do tasks but have no ability to do or cannot afford to do.</td></tr> </table>		1.	Some customers might ask illegal tasks such as drugs, murder-for-hire, or any other type of crime. Thus, our application should have a system that validates customers' posts.	2.	Performers may also receive guests' assignments and do not fulfill their responsibilities. To reduce the chance, we need a process that can validate our customers and performers when they register on our system.	3.	DoForYou would like to offer the system that can help people who have must-do tasks but have no ability to do or cannot afford to do.
1.	Some customers might ask illegal tasks such as drugs, murder-for-hire, or any other type of crime. Thus, our application should have a system that validates customers' posts.							
2.	Performers may also receive guests' assignments and do not fulfill their responsibilities. To reduce the chance, we need a process that can validate our customers and performers when they register on our system.							
3.	DoForYou would like to offer the system that can help people who have must-do tasks but have no ability to do or cannot afford to do.							
Desired Project Outcomes/ Requirements*	<p><i>Define how this project shall address a business need, e.g. the business problem or opportunity described above; describe what the beneficiary must be able to do / receive from the solution</i></p>							

	1.	The way this project will solve business problems is that any business owner can log into the app/website and find a contractor that fits their needs and budget.
	2.	For example the IT department, if the company has an IT related issue, the company would have to wait hours to have someone arrive when you can just browse online through our services and have someone come within the hour.
	3.	The beneficiary would be able to receive a solution while helping individuals that are freelancers.
Key Deliverables to be produced by students*	<i>Define the boundaries of work that you expect to receive from the students effort (vs. internal effort)</i>	
	1.	Must have regular meetings and each student should attend them.
	2.	Divide the project equally and finish tasks before the deadline.
	3.	Help each other with problems that students can face during their work.
	4.	Each student must study and apply their knowledge to what they are in charge of in this project.
Desired Start Date	September 19, 2022	
Desired End Date	March 31, 2023
